# Online Safety

Childnet gives information, advice and resources for parents and carers on a wide range of topics affecting children and young people online. They also have excellent resources about how to have a conversation about the online world with your child, how to set up parental controls, create a family agreement and what to do if you are worried about a child.
www.childnet.com

A range of guides, videos and toolkits to help you to keep your child safe online. These include information about key issues that may be affecting children and young people on the internet, and what to do if you're worried about anything you or your child has seen online.

Use the search box at the top to search for a game or app. There will be a Common Sense Media review which includes the information you need to help you make decisions about the suitability of the game for your child. It also has useful parent and child reviews for each game.
www.commonsensemedia.org

Lots of information and resources about keeping safe online.
