One of the greatest skills we can give our children is the ability to communicate confidently. At Drama Kids, our students learn to do this while making friends and having fun!

Our imaginative curriculum incorporates role play, improvisation, and structured performance. Each one-hour class for young people from ages 5-18 encourages **higher self-esteem**, better **communication skills** and more **effective social interactions**. They **grow in enthusiasm and energy** while gaining **ongoing confidence**.

Our programme provides the opportunity for children to become confident in themselves and **develop their social skills and self-awareness**. We encourage our pupils to be better at communicating with peers and adults by practicing **presentation skills** and **public speaking skills**, all this while developing their **creativity and lateral thinking**.

Our pupils learn to **enhance concentration** and the ability to listen well, **improve the use of English language** and **increase clarity of speech**.

We encourage them in **developing teamwork** and **leadership skills**, helping to **widen friendship groups** and gaining enthusiasm, energy, and a positive approach to life!
