

# Butterfly Project June 2024 Update

Dear Friends and Supporters,

The Butterfly Project committee are delighted to share with you that we have raised the **£45,000** target to fund the building of an additional learning space in the playground situated next to the PE shed.

Last Friday the school hosted the Butterfly Quiz for staff, former staff, governors and supporters. Over 110 people attended and raised **£2,100**. On the night we received generous individual donations of **£5,500** which contributed to us reaching our target this academic year. We would like to thank all those in the school community who helped make the night so successful.

The building will be multipurpose and will enable small group teaching to be carried out. This is our way of continuing and building on Mrs Mitchell's legacy and reflects her passion for inclusion and supporting a wide range of special educational needs provision such as sensory breaks, dyslexia tutoring and counselling. All details can be found using the link below:

Although the target has been reached we are still looking to raise further funds to cover the fit out and equipment costs. We are in the process of applying for grants to cover these costs but you can still make a donation towards the project using the link below:

We are hoping to start work, and build this lasting legacy to Mrs Mitchell, as soon as any necessary planning is approved by Croydon Council. We are hoping this will be in the first half of the Autumn 2024 term.
