

Butterfly Project February 2025 Update

Dear Parents & Carers,

We are pleased to update you with further news about developments in the Butterfly Room. Over half-term, an interactive whiteboard and additional furniture were installed and the sensory equipment is being installed on Thursday, 13 March.

We are looking forward to the opening of the project on Saturday, 29 March where there will be the opportunity to have a look around all the project work both inside the main school and the Butterfly Room itself. The work inside the school involved partitioning a large room to create a fantastic sensory room which will support our children with regulation and mental health. We secured funding for a professional company to develop this and are looking forward to it being fully installed and operational by the opening day.

We are hoping this will be a lovely community event where we can celebrate all that has been done to achieve this project and look forward to the valuable contribution it will make to the lives of the Coulsdon C of E children.

You are welcome to join us for any part of the event which will run between 1.30 - 4pm with the official opening being at 2 pm.

If you are able to come to this event, could you please use the link below to complete the Google form.
